

## EOX V2

This aerodynamic vacuum cleaner EOX V2 has a power of 1800 W and it stands out for its MULTICYCLONIC technology that doesn't need a bag. It is able to retain even the smallest particles due to its HEPA filter that guarantees maximum hygiene. In order to clean a wooden area, EOX V2 includes a special parquet brush. Thanks to its 360° swivel hose and its adjustable and foldable telescopic steel cylinder EOX V2 you will be able to use it and store it without any problem. This vacuum cleaner has overheating protection on motor and an automatic power cable rewind function.
